

Kingsmoor Academy

Life in Modern Britain

PSHE, SMSC Curriculum and British Values Statement

Our curriculum aims to give all our children the necessary skills, knowledge and understanding to achieve to their all-round potential academically, socially and emotionally. This takes place in the context of a safe and nurturing school environment where each individual child is known, and each individual child's learning journey is unique to them. Within this framework our academy strives to secure safety and high standards for all.

We aim to give the children the necessary skills to prepare them for life in modern British society. Our academy promotes teaching about freedom, tolerance and respect for the rule of law within a meaningful context that the children can understand and experience for themselves. We promote belief in personal and social responsibility. We achieve this through the promotion of the Kingsmoor Code. Democracy is an important part of our way of life and we achieve this through the promotion of 'pupil voice'. The Kingsmoor School Councillors are elected by their class peers and are involved in decision making in order to make our academy a better place to learn, or in fund raising for local or National charities. Kingsmoor Academy welcomes and integrates children from a wide range of cultures, backgrounds, faiths and communities. We aim to nurture our pupils towards becoming successful citizens in a multi-cultural society.

Our PSHE curriculum develops confidence and responsibility; encouraging children to make the most of their abilities whilst recognising and valuing those of others. It encourages a healthier and safer lifestyle. It extols good relationships and respects the differences between people. Intrinsic to all of this teaching and to our general school ethos, is SMSC (Spiritual, Moral, Social and Cultural) which is integrated into all subject areas. Through all of this we aim to nurture our pupils towards becoming successful citizens in a multicultural society. We recognise our parents as partners in this learning journey and aim to involve them through offering events, curriculum workshops or assemblies during the year, e.g. Black History Month celebration event.

Kingsmoor Academy

In our school SMSC will have a positive impact on the future lives of our children and their ability to participate and be accepted in society.

On our school we celebrate and promote SMSC through:-

Social

- School trips
