

Friday 5th May 2017

Dear Parents and Carers,

SATs: Next Week

We recently wrote to you to outline the arrangements for SATs week. In this letter, we are reiterating some of the key information to remember.

The timetable for the examinations is detailed below:

Date	Assessment
Monday 8th May	English reading
Tuesday 9th May	English grammar, punctuation and spelling test
Wednesday 10th May	Maths Paper 1 - Arithmetic Maths Paper 2 - Reasoning
Thursday 11th May	Maths Paper 3 - Reasoning

Kick Start Breakfast Club

To ensure that pupils are awake and alert for their sessions, we will be providing Kick Start Breakfast Club sessions during SATs week (Monday to Thursday), starting at 8.20am. During these sessions, pupils will have a glass of fresh juice and a light breakfast snack.

Attendance and Punctuality

All pupils need to be in school for SATs. If they attend the kick start sessions, they will be in school early. Pupils not attending these sessions **must** be in school by 8.45am.

If your child is unwell during the week, please contact school by 8am. We can then discuss arrangements and possible provision with you.

If you believe it, you can achieve it!

Mascots and Cards

We welcome good luck cards from parents/family. We will put these up in our classroom. Pupils are also allowed to bring in a lucky mascot or charm. These must be a small, non-electrical item and one which will not potentially start making a noise, breaking into a dance or anything similar!

Learning Coaching

Pupils recently met with their learning coaches to discuss action plans. It is likely that pupils will want to touch base with their learning coach at points during SATs week.

Final Thought

We know that the children have worked incredibly hard and that the SATs assessments will be one of many ways that they will be able to show their capabilities. The effort, rather than outcome, is always the most important thing when looking at a learner's potential and achievements; we have been very pleased with the level of effort we have seen this year and hope that pupils will use this time to shine.

Kind regards,

R Lock
