This year we intend to continue and strengthen our focus on healthy lifestyle and healthy living at Kingsmoor Academy, having achieved the Healthy Schools Award in June 2016. Sport provision is another aspect of this. Over time we have developed an extensive enrichment programme that increases pupil understanding of the importance of a healthy living, exercise and life style.

Sport provision and exercise is given a high priority throughout the school whereby all pupils have access to a varied PE curriculum, covering dance, gymnastics, games and athletics. All classes have two sessions of PE per week; one indoor and one outdoor. These are taught by the class teacher and supplemented by specialist sport coach or teacher provision. Due to the sport premium funding allocation, it has been possible to recruit specialist sports coaches and teachers to provide a high quality learning experience for the pupils. This is delivered in different ways to accommodate the needs of the pupils as well as the organisation. We employ three specialist sports coaches who provide one session of PPA cover for teachers in KS2 and one session of training per week, whereby our class teacher team teaches with the PE coaches in order to develop their knowledge and expertise further. We will be continuing active play activities during play times and lunch times in 2016-2017.

The PE Subject Leader liaises with the sports coaches/teachers and class teachers in order to identify talented pupils (those who show an aptitude for sport), so that additional provision can be made. Since 2015-16 an additional PE session is provided each week for the identified pupils by a specialist sport coach. The Sports Coaches also liaise with the family of local schools in order to participate in sporting events, festivals and competitive team matches. We were awarded a Silver Sports Mark from Essex in July 2016 and 17. We are going for gold next year. We have achieved some pleasing results and successes in the Inter Schools Competition for Judo being the overall winners every year, for the last 7 years in Harlow.

We will continue to offer a range of sporting clubs outside of the school day which will be open to pupils of all ability levels, the vast majority of which will be subsidised by the school or by using Sports Premium monies (see above) or Pupil Premium funding. Specific clubs will be offered to pupils who have been identified as talented in order to progress their skills or participate in local competitions, e.g. cross country. Ninety-nine percent of our pupils attend at least one of our extended sports every week.

During sports week, held annually, a range of additional sports and activities are offered as well as the usual 'Sports Day' where families are invited to join us for a full day of fun!

Swimming is offered to all pupils in Year 5 and Year 6 in the Autumn term annually. This continues to be fully subsidised by the school and is hosted and delivered by our feeder secondary school, Stewards Academy. We intend to increase this in 2017-2018 to include the children in years 3 & 4.
