Hi Everyone,

We are sending you our very best wishes and hoping that you and your family are all keeping well. We have been overwhelmed by the positive support and comments which show how many pupils are taking part in home learning through Purple Mash and reinforcing their knowledge as well as providing us with some fantastic informative facts. Please can you all continue with the great start to Purple Mash where work will be uploaded weekly; this also provides some structure and routine for all of our pupils during this period of uncertainty.

Wishing you all continued good health.
Lesley Brennan, Principal.

Today we went to a field near our home and had a P.E lesson lead by our big sister Ellissa. We played football, raced our aunts doggy Skye and done some exercises. Then Annie made 'oobleck' from cornflour and water as a science experiment to see how it changes from liquid to solid just by moving it in your hands. She said it was really fun, mummy said it was super messy. We hope all our Kingsmoor friends are enjoying the family time and sunshine as much as us and hopefully will be back at school seeing you all soon From Annie and Jamie Roberts
